**CHANGES IN THE ENERGY MARKETS ARE  
INCREASING COMPLEXITY AND PRICE  
VOLATILITY. ARE YOU MONITORING THESE  
CHANGES AND THEIR EFFECT ON YOUR  
ENERGY COSTS?**

**>> We can help.**

NUS Consulting Group is the world's leading utility cost management consulting firm. We specialize in providing audit, rate optimization, procurement, conservation, on-line utility data management services and market pricing research to reduce and better manage electricity, gas, water/wastewater, petroleum and telecommunications expenses.

Today, over 20,000 utility intensive organizations located in North America, Europe, Africa and Asia rely on NUS Consulting to recover overcharges, develop and implement cost reduction and procurement strategies, monitor supplier compliance and provide on-line utility data management support systems.

Our professional staff, experience, market intelligence, international coverage, and local presence provide our clients a critical competitive cost advantage. Every member of NUS Consulting is dedicated to providing the firm's clients unparalleled cost reduction solutions, service and support. Our goal is to improve the utility purchasing processes of our clients and increase their profitability.
